SUPERVISORS HOLD REGULAR MEETING

CONGRESSMAN HAYES PROMISES AID TO THE NEW HARBOR NEAR THIS CITY.

Many Bidders Compete For County Bridge—San Francisco Resident Defines "Annexation."

The Board of Supervisors met in regular session Monday, May 20, there being present P. H. McEvoy, presiding, Wm. H. Brown, Joseph M. Francis and D. E. Blackburn.

John O'Farrell, the courthouse gardener, presented a check for $25 received by him from the Southern Pacific Company in payment of damage done to plants in shipping. The clerk was directed to have the amount deposited in the General fund.

Page, McCutchen & Knight, attorneys for the regents of the University of California sent a communication informing the board that 344.97 acres of land in the Third township owned by the State had been sold for taxes in 1900, at a time when said property was exempt from taxation. The matter was referred to the district attorney and assessor.

A request was received from Col. H. C. Bowen of U. S. army, stationed at Monterey, asking that from ten to twenty copies of the county map be supplied his department for use in the army maneuvers to be held in August between San Francisco and Monterey.

On motion of Brown, seconded by Blackburn, the communication was referred to the surveyor to be reported on at the next meeting.

A communication was received from Congressman Hayes acknowledging receipt of the resolution passed by the board relative to the proposed inland harbor between Belmont and Redwood City, and notifying the board that the River and Harbor appropriations bill for the present session of Congress had been practically agreed upon. At the next session, Mr. Hayes stated, he would take action on the resolution.

Motorcycle officer Brown reported that since May 6th he had made 5 arrests; number of convictions, 7; cases pending, 4. Total fines $110.

A petition signed by Julia Hoitt and others at Fair Oaks asking the board to close what is known as Emilie avenue and a portion of Alejandra avenue, it being the intention of Mrs. Emily Donohoe to deed to the county a strip of land forty feet wide to take the place of the abandoned highway

Judge Fitzpatrick appeared on behalf of the petitioners and explained the purpose of the proposed change.

Chairman McEvoy approved of the closing of the streets on the terms offered, stating that the intention was to straighten the road. He asked that the petition be accepted.

On motion of Brown, seconded by McEvoy, it was ordered that the petition be accepted and that the clerk publish notice that the petition would be acted upon June 17.

A deed was received from the J. J. Moore Company of San Francisco conveying to the county a small strip of land for the purpose of widening the Woodside road. The deed was approved by the chairman and was accepted on motion of Francis, seconded by McEvoy.

The following bids were opened for erection of a reinforced concrete bridge across what is known as the Frenchman's creek, north of Halfmoon Bay:

Harry B. Borey and Sons—$6388; extra concrete, per yard, $12; piling, $1.25 per linear foot; time, 60 days.

Barrett and Foy—$4300; extra concrete, $9; piling 40c per foot; time 40 doys.

Alfred Mattson—$5300.70; extra concrete, $11; piling, $1 per foot; time 60 days.

Easterly Construction Company—$6343; extra concrete, $12;; time, 60 days.

M. B. Wiggins—$5959.35; extra concrete $8; piling 75c; time 60 days.

John Doyle—$5932; extra concrete$16; piling, $1 per foot; time 60 days.

Mitchell and Savege—$6360; extra concrete, $7.50; piling, $1 per foot; time, 45 days.

C. Christiansen—$7112; extra concrete, $10.80; piling, 60c per foot; time, 60 days.

On motion of Francis, seconded by Blackburn, the contract was awarded to Barrett and Foy, they being the lowest bidders.

The clerk was directed to proceed with the opening of bids for the publication of the delinquent tax list.

E. I. Woodman, publisher of the South San Francisco Enterprise, took the ground that the board was proceeding illegally in calling for bids for printing the tax list. It was the duty of the tax collector to make the publication in such paper as he choose at the rates fixed by the board. He asked that the matter be continued unilt afternoon so that the matter could be submitted to the district attorney. It was so ordered.

Brown reported that the county road in his township complained of by the Hillsborough authorities was in good condition. He asked that the clerk be directed to so inform the Hillsborough board and that that body be requested to make its semi-annual payment of $3500 to the road district in accordance with its former agreement.

A communication was received from S. T. Francis of San Francisco protesting against the creation of an inland harbor near Redwood City The communication is as follows:

Chairman Board of Supervisors, San Mateo Co., Redwood City, Cal.

Dear Sir: As a loyal citizen of San Francisco who believes that all the cities about the bay should be consolidated, I want to remonstrate against the foolishness of the people of Redwood City and San Mateo County in considering such a project as the creation of an inland harbor, through the deepening and widening of Redwood channel. This seems to be an absolute waste of money.

Consider that your interests are identical with those of San Francisco. We have a water front which will amply accommodate all the commerce of the bay. Why should Oakland, Sausalito, Richmond and particularly Redwood City attempt to rival or compete with San Francisco? Let us in San Francisco do the business. Our Harbor Commission will ultimately control all these harbors, and the inherent strength and the pull of the business interests in San Francisco will undoubtedly be able to control the shipping business for our wharves.

Your display of enterprise in this respect will be as futile as that on the part of the people of Oakland or of Richmond to divert any part of our business. What would San Mateo County, and particularly Redwood City, be, if it were not for San Francisco? The same is also true of Oakland and Richmond. Save your money, for annexation is surely coming, and San Francisco can take care of the business.

Yours very truly,
S. T. FRANCIS.

San Francisco, California, April 27, 1912.

The chairman stated that he had made repairs on the Alpine bridge without consulting the board as the bridge had been broken down by an auto-truck and it was imperative that it be repaired at once.

On motion of Brown, seconded by Francis, the action of the chairman was approved.

Blackburn stated that the Tom Moore bridge in his district is in bad condition and may go down at any time. He asked that he be permitted to repair it.

On motion of Brown, seconded by McEvoy the surveyor was directed to go to Pescadero at once and make an examination of the bridge and estimate the cost of repairing it.

District Attorney Swart stated it was within the power of the board to fix the price at which the delinquent tax list shall be published but the tax collector must give out the contract.

The chairman ordered that the clerk proceed with the opening of bids. Two proposals were received, one from the Redwood City Democrat and one from the South San Francisco Enterprise, both of which named a price in accordance with that fixed by the board for county printing, namely, 75 cents per square for the first insertion and 40 cents for each subsequent insertion.

The proprietor of the Democrat asked that he be allowed to withdraw his bid as he did not care to enter into the competition.

The bid was allowed to be withdrawn on motion of Casey, seconded by Francis, and the contract was awarded to the Enterprise.

J. F. Barrett of the contracting firm of Barrett and Foy, who were the successful bidders for the concrete bridge in the Fourth district during the forenoon session, asked that he be allowed to withdraw his bid as he had made a mistake in his estimate, giving a lower bid than the work could be done for.

Francis and McEvoy opposed granting the request as it would involve the expense of readvertising the contract. Besides it would be setting a bad precedent. Francis claimed that the present bridge was in a dangerous condition and must be rebuilt as soon as possible.

Brown and Casey were in favor of granting Barrett's request, but no action was taken.

On motion of Brown the returns of the primary election were ordered certified as presented and canvassed by the board.

Because of misconduct, the county aid heretofore extended to Edward Foley was ordered discontinued, on motion of Supervisor Francis.

On motion of Supervisor Brown the clerk was instructed to request the Interurban Highway Committee of San Francisco to meet with a committee of this board for the purpose of consulting in regard to measures affecting the construction of the state highway in this county.

STUDENTS WILL DEBATE AT MOUNTAIN VIEW.

This Saturday evening the high school debating team, Ray Griffin and Stephen Tichenor, will go to Mountain View, accompanied by a number of the high school students, to participate in the championship debate with representatives of the San Jose Jose high school. Once before, on a similar occasion, the high school defeated Santa Clara and there was a great deal of rejoicing. The students are very desirous of making a good showing with San Jose and from their past record the contest will likely be close. Some of the town people wish to go along and a rate of fifty cents has been obtained for the round trip, returning on the eleven o'clock train. The subject of the debate will be, "Resolved: That the United States should permanently retain the Philippines" and Redwood will uphold the affirmative.

APPEAL COURT UPHOLDS BOARD OF SUPERVISORS

A decision was handed down by the Court of Appeals Monday sustaining the Superior Court and the Board of Supervisors in the mandamus proceedings brought by William H. Almon of Colma to compel his appointment as justice of the peace of the First township. Some months ago the board appointed John F. Davis as justice at San Bruno, thus adding a new justice of the township. Almon claimed that having been second in the choice of the people at the previous election he should have had the appointment. The Superior Court ruled against him and his appeal to the upper court had a like result. District Attorney Swart appeared for the Board of Supervisors.

McFaul, traveling agent of the Southern Pacific Company was in Redwood City last week collecting development data for a new book to be issued by his company along the line of "The Road of a Thousand Wonders." He was surprised at the extent of this city's improvements, especially in the work proposed to be done through the recent bond issues.

CITY OFFICIAL PAPER

D. E. O'KEEFE, Editor and Proprietor

This county has "Room for a Million People" Help us Get'em the Development Association

HUMAN SYMPATHY

In the struggle and battle of life there is no one strong enough to brave the contest alone. All need sympathy and help, and they must have it, or sure disaster and defeat will overcome them.

He who thinks himself strongest, when his life bark rides strongly before the breeze, with sails filled with the winds of prosperity, is often the weakest of the weak when the storm and tempest comes. Thus in the hour of sorest trial many a weak woman has often been strong and brave to endure, where stalwart manhood has succumbed and drifted helpless and discouraged before the gale of adversity.

Life is sweetest and made beautiful by sympathy. Its asperities are toned down and its rough places made smooth by the touch of a gentle hand and the tone of a loving voice. Even its severest trials maybe endured and its heaviest burdens borne, when aided by little thoughtful and precious help of this kind.

WHERE THE PROFIT LIES

That San Francisco would be materially the gainer by the inclusion of the territory of San Mateo county within its corporate limits no one ocan question. Undoubtedly the augumented population would add materilaly to the standing of the city abroad, while the added property valuation would materially increase its bonding capacity and make possible the incurring of still greater indebtedness for the erection of magnificent public buildings and other betterments of the central portions of the city.

That the territory now comprised within the lmiits of San Mateo county would be a gainer by the coalition, however, seems to be open to serious question. So far but little has appeared to indicate that it would. In fact, if the experiences of the outlaying districts included within the present corporate limits of that city can be taken as a criterion, it would rather be placed at a disadvantage, gaining little more than the doubtful privilege of paying its portion of the expense of a constantly increasing indebtedness

Almost daily readers of the news columns of the San Francisco papers are treated to stories of protests from one or another of the improvement clubs reprsenting outside districts against the deplorable condition of the highways of their sections. A constant cry is going up for the betterment of wretched sewer and other sanitary conditions. To these no attempt at denial of the existence of conditions is returned, the seemnig only reply being a lack of funds to prosecute the admittedly needed work.

So far no assurance has been vouchsafe by the advocates of the "Greater San Francisco" plan that conditions in the annexed territory would be different in any respect. No means has been indicated by which it might be assuredthat even the smallest portion of the taxes raised from the annexed property could be controlled for local benefits.

JURY PAYS NO HEED TO PLEA OF INSANITY

Edward Delaney, who foully murdered young Riley Bale at San Mateo in April was yesterday found guilty of murder in the first degree by a jury in the Superior Court with the recommendation that he be imprisoned for life.

Drs. Ross, Taggart and Bissell testified that Delaney was a maniac on the subject of lodges and that in their opinion he was demented at the time he committed the deed.

Deputy Sheriff Moran testified the defendant acted the same as the other prisoners while in jail and seemed to be normal.

Delaney made a rambling statement to the jury about the persecution he had been subjected to by secret societies.

The jury was out half an hour.

Judge Buck will formally sentence Delaney today.

END OF LITIGATION IN PHELPS ESTATE IN SIGHT

Judge Seawall sustained the demurrer of Geo. C. Ross to the complaint in the suit of Florence Moore against Mrs. Josephine A. Phelps, as executrix of the last will and testament of Timothy Guy Phelps, in San Francisco yesterday. This practically ends the action as the court intimated that the plaintiff had no cause for action against Mrs. Phelps. Florence Moore is one of the eastern heirs of the Phelps estate and some time ago filed the suit alleging fraud on the part of the executrix. The estate has been distributed, for a long time and plaintiff by her suit wanted to reponen proceedings. When the vast holdings were distributed all the heirs were satisfied and the bobbing up of the plaintiff at this late date was quite a surprise to all concerned. Judge Seawall by his actions yesterday has sustained Mrs. Phelps in her management of the vast estate and has practically said that plaintiff had no standing in court.

Some Strong Features

A program of more than usual interest was given at the Bell theatre last evening and will be repeated tonight. With a program of four reels, each is a gem in itself. First of these is a vitagraph reproduction of the first woman jury to serve in the United States. This is followed by "Isola's Promise," a production on the biograph of an unusually interesting story of the Indians. Another picture interesting at this time is entitled "Mexican Courtship," and the story centers around the national pastime of the Mexicans the bull fight. The evening concludes with the usual Pathe illustration of world scenes and events. It is safe to predict that there will be a crowded house tonight.

Former Resident Weds.

George W. Griffiths, former resident of Redwood City and while here superintnedent of the Moses Hopkins place, now Dingee Park, was united in marriage to Sarah C. Earhart in San Francisco last Tuesday. The bride is a resident of Santa Anna, while the groom's home is at Napa. Mr. Griffiths is well known in Redwood City, where he has a host of friends who wish him and his bride a happy wedded life.

Holms Garage Changes Hands.

The Holmes Garage has changed proprietors, Gish and Chubbuck having purchased the interest of H. E. Holmes. Mr. Gish is the well-known attorney of Woodside and Mr. Chubbuck is an experienced automobile man of the city. The new firm will improve the plant materially by putting in new machinery and making extensive alterations on the building.

Modernizing Billboards.

All the wooden bill boards in this city were taken down this week by C. W. Ward, representing J. Charles Green Co., and replaced with steel ones. This is being done all over the state to comply with a resolution recently adopted by the bill posters' convention. Steel bill boards are now in use all over the east.

Editor Times-Gazette:

Dear Sir:—My attention has been called to an article in the Redwood City Democrat under the heading of "Editoral Correspondence", and entitled "An Explanation". I fail to see any direct or indirect explanation, but the article makes some indirect accusations. First he mentioned that he wrote that some of the Redwood City Corespendents of the several San Francisco papers regard their monthly check, more seriously than the article.

It is my opinion that the auther could have found a parallel case much nearer home if he would only have taken the pains to have looked for it. Our little dinkey school in the San Gregorio School District would have furnished it. It has been run for considerable over a year on full pay and half rations, until within the last few weeks in which I have succeeded in securing for the pupils quite an increase in rations, and expect to be able to soon seoure more and hope that in the near future I will be able to secure through our County School Superintendent an able and capable physician to dish out the same to them in as large doses as their mental digestive organs are capable of properly digesting and assimilating, and to administer to then such antidotes and antiseptics as may be necessary to remove any and all traces of the swell head. Then the author states that he has lately been made the object of three extremely lying and slanderous articles. What? Only take exception to the articles written. Well, as he does not state whether they are correct or not. I will have to pass them by until he explains them. Again he asserts that he has taught the San Gregorio Grammar School since March, 6, 1911, and that during all that time he has taken no part in any election in said School District, either directly or indirectly. What? Has he forgotten the little lesson in true goverment, the rights, duties and dignty of true American citizenship given him by himself at the little door of the dinkey school over which he has so long presided and which he so loves; yet given and enacted and so ably explained. That of tearing down a certain legal and legally posted Election notice. an act which, within itself, was a slap in face of every loyal citizen within the district I wonder whether the little teacher has feeling enough in his little despotic heart to relize as he reads these lines how many poor little children felt when he was reading that certain clause of the compulsory educational law which sounded to their tender ears as if they had no rights, and no friends but pa and ma. Why did he not read it to me? Another assertion that the State law would not allow him to be a trustee of a school in which he was a teacher. It is my assumption that the considers him as such, I have always considered the teacher as being a trustee and have not had the least scruples in entrusting my children to their care. Possibly I am wrong in my assumption. However, he seems to have a very decided aversion to the word Trustee (it sounds rather good to me). He seems to find no fault with the words Principal or Faculty, possibly, because they are not so suggestive of responsibility and savor more of authority he is ever ready to assume, and talent ever ready to effect.

Next in order is the claim that in the Spring of 1911 it became necessary for him to urge upon the school trustees a fine recomendation. Why didn't you then?, and attend strickly to your own business? In the San Gregorio School district a strict enforcement of the compulsory educational law. Why? Simply because he wanted to keep the coffers of the district well filled. Such is my candid belief. I actually belive that he has become imbued with the absurd idea that he was here to stay. Now another assertion that by doing so he insured the emnity of a certain Person (too discreet to say whom). I have been very lenient with you in the past and will be obliged in the future. Yes, every person in the district knows that it was for not doing his duty, that I opposed him.

It seems as though his memory is only about three weeks long, as he seems to have forgotten the incident of which I have made mention before, that of tearing down a certain election notice, yet he has a vague remembrance of a certain case in Justice Lampkin's Court so vague that he does not even remember who dismissed the same, as he fails to give them credit for doing so.

COUNCIL CONSIDERS OFFICERS' REPORTS

Water System Shows Handsome Profit and Must Pay Cost of Extension Bonds.

The old adage that "a short horse is soon curried" was given ample exemplification at the meeting of the city council last Monday evening. With a full board of trustees present, the calendar of Clerk Plump showed but a meager presentation of routine business and this was disposed of in short order, the council adjourning at an unusually early hour.

The monthly reports of the clerk, marshal, mechanical engineer, superintendent of streets and pound master for the month were read by Clerk Pimp and each was given careful consideration.

The report of Marshal Coleman showed that the collections of his office for the month were as follows: Water, $876.15; water and sewer connections, $50.00; special permits, $12.50; miscellaneous licenses, $89.00; dog licenses, $16.00; taxes, $7773.56.

The report of Treasurer Towne showed the general fund to still be overdrawn to the extent of $1189, while there was a balance of $1782 to the credit of the water fund—this latter amount showing the net profits of the city water system for the past eight months, the time during which a separate account has been kept of the operations of the water system by the treasurer. In discussing the report of the treasurer, it was shown that the apparent shortage in the general fund was due to the method of bookkeeping required by law, under which the amounts levied for the special bond funds were carried to the credit of these funds from the first collections to be received. The report indicating that the water system was yielding a profit of nearly $200 per month, it was the opinion that the system was in a position to care for its own indebtedness and it was decided to transfer from that fund to the general fund the amount set aside under the law for the payment of the water system bonds, $467.50, thus relieving the general tax burden to that extent.

Poundmaster Shine reported that he had taken up 5 horses, 12 cows; 7 calves, and 17 dogs. Of the dogs, 5 had been redeemed, 4 sold and 17 killed.

J. C. Barg was granted permission to transfer his saloon license from his old location at the corner of Main and Broadway to the location of the Popular saloon, recently purchased from Lon Cook by him.

John A. Britton petitioned for the installation of an arc light on the Edgewood Road. With the explanation that plans were already under way for the extension of the new incandescent system to the locality indicated, the petition was filed.

Secretary Sears of the Park Commission turned over to the clerk the accounts remaining unpaid from owners of private property in front of which the commission has planted trees under agreements. The money due on these accounts should now be paid directly to the City Clerk instead of to the commission.

Clerk Pimp called attention to the fact that the contracts for street sprinkling and sweeping had expired. After deciding to retain the specifications under which the work is being done at present, the clerk was directed to advertise for separate bids for doing the work for the next year.

Trustee Hahir reported that D. R. Stafford desired to be relieved of his duties as the representative of the city on the board of governors of the Development Association. The selection of a successor was deferred until the next regular meeting.

This clearing up the business on the clerk's desk, some little time was again devoted to the discussion of methods of making the city tax assessment without other result than a determination to endeavor to induce a committee of five citizens to assist in an advisory capacity. Pending the selection of this committee and the actual commencement of the work of making the assessment, Trustee Deleau was requested to make an examination of the last city assessment roll and block books of the county assessor, with a view of outlining a complete plan for the work of the city assessor.

An adjournment was then taken until Friday evening, after allowing the monthly claims against the city.

WOODMEN OF THE WORLD TO HONOR MEMORY OF DEAD.

Members of Embarkadero Camp, Woodmen of the World, assisted by the ladies of Robin Hood Circle, Women of Woodcraft, will hold their annual memorial exercises on the afternoon of Sunday, June 2d. Following their usual custom, the members of the kindred organization will meet at the Odd Fellows' hall at 2 o'clock and from there go to Union Cemetery, where the exercises will be conducted by the officers of Embarkadero Camp These will include a memorial address by J. T. Vanhooser of San Francisco, district organizer of the order, who is known as an eloquent speaker.

A special feature of the exercises will be the unveiling of a monument erected by the Order to the memory of Paul Kraft, a member of Embarkadero Camp. The unveiling of this monument will be a notable event from the fact that the stone which marks the last resting place of the deceased was placed entirly through the promptings of the fraternal law of the Order. At the time of the death of Mr. Kraft, who was then a resident of Menlo Park, he left no relatives residing in this country, his nearest relative being a cousin in Germany. Even the address of this relative was unknown here and it required a search of a year after the death to locate this relative, who had been made his beneficiary and to whom the Order eventually paid a death benefit of $1000.

LOREN COBURN RECKONS PAST THE CENTURY MARK.

That Loren Coburn, the aged multimillionaire of Pescadero, firmly believes that he will live to be 100 years old was shown today when he entered into a contract whereby a local farmer acquired the right to cut wood on his ranch for a period of fifteen years.

Although Coburn is 86 years of age, he admitted that he expected to be living after the contract expired. In making the figure for stumpage on the wood, Coburn said:

"If I find that you are making too much money during the fifteen years I will raise the price before entering into another contract."

LOCAL BALL TEAM HONORS A DEPARTING MEMBER

Gives Pitcher a Present and Opponents a Drubbing.

Redwood City came out on the long end of an 18 to 2 score last Sunday. The victims of their skill were the San Francisco Moose. The lodge team came down with a great reputation but it was spoiled when they hooked up with the home team. Turner, Redwood's star left fielder, was the shining light in an otherwise one-sided contest. He was at the bat four times, getting a home run, a triple and a single. The home run clout was the longest hit ever made on the local grounds, landing in the gum trees on the far side of the fence. Castro was right behind him with three hits to his credit..

The fans will be very sorry to hear that Sunday was the last game in which Bob Fox will participate. He left yesterday for Tacoma to take a position with the Tacoma Mill Company at that place

As a little token of their regard his team-mates and manager presented him with a handsome gold watch, engraved with the names of the players and managers. To make the ceremony more impressive Judge Lampkin delayed the game a few minutes while he led Fox to the grandstand and made a few remarks on healf of the players. Fox was so overcome with surprise and gratitude that he could not say a word. He managed at last to thank his fellow players and manager and expressed the wish that they would play the same gilt edge ball behind his successor that they did for him.

Next Sunday the home team will meet the Clarions of San Francisco. As this bunch beat Burlingame recently it will be a good chance to get a line on the ability of the two teams. The Clarions are a very fast bunch and a hot game is expected.

Everybody is going to Burlingame on June 2 with the boys.

Members of the Rebekah lodge are requested to be present at the meeting next Tuesday evening to assist in initiatory work.

MUSICAL RECITAL GIVEN BY MISS EMILY HESS

Apt Pupil of Professor Carrington Entertains at Auditorinm.

The piano recital given by Otis M. Carrington at the Alhambra last evening, introducing his pupil, Miss Emily Hess, was a new page in the musical history of Redwood City, and a page which will always be looked back to with pride. There are few young ladies, or gentlemen either, for that matter, who can handle a piano better than our own Miss Emily, as she proved to the large and discriminating audience assembled to hear her.

Her work showed careful and thoughtful preparation, and her poise and ease with which she played won the admiration of all. Opening with a beautiful Sonata, op. 90, by Beethoven, and going through the works of Bach, Chopin, Schumann and Hofmann, was a presentation of the best among the best, and left nothing in our hearts or minds but a wish for more.

All praise Miss Hess, and as for her teacher, we acknowledge his success, and with a pat on the back bid him do the same with more of our young people. Following is the program:

PART ONE

Sonata, op. 90 ..... Beethoven

PART TWO

A Etude, op. 10, no 12 ..... Chopin
B Kleine Praeludien ..... Bach
no. 3, 10, 15, 17, 18

D Scherzando, op. 2, no 7 ..... Krause
E Con Fuoco, op. 2, no 10 .....
E Humoreske, op. 59 ..... Hofmann
F Vision, op. 124, no. 14 ..... Schumann

ELEVEN TO GET HIGH SCHOOL DIPLOMAS

Annual Commencement Exercises of Sequoia Will be Held Next Week.

Once again the school orator tells the world how it should be managed. The days of the "Sweet Girl Graduate," the excitement and enthusiasm incident to commencement day are upon us. Next Friday evening, in the Alhambra, the Senior Clsas of the high school will hold its annual commencement exercises. Mr. James Ferguson, principal of the San Francisco Polytechnic high school has consented to deliver the address of the evning,ably supplemented by Roy Woodhams, who has been chosen class orator, Jessie Smith valedictorian, and Leora Harvey, who will give the salutatory. Mr. D. E. O'Keefe, clerk of the school board, will present the diplomas to the class at the conclusion of the exercises. The names of those who are in the senior class are: Cecilia Carleton, Edith Carleton, Donald Derry, Minnie Gould Pearl George, Alma Haaker, Leora Harvey, Alma Lorenz, Jennie Stott, Jessie Smith, Roy Woodhams.

The Sequoia high school is fortunate this year in having seven members out of its eleven students in the Senior Class in the commercial department. There has been some question about the advisability of continuing this department, but it would seem that if seven people out of a class of twelve are doing the commercial work, it ought to be continued and receive the support and cooperation of all citizens.

The baccalaureate sermon will be given in the high school building Sunday afternoon by Rev. Irving Long of the Second Presbyterianchurch of San Jose, who has been secured for the occasion. The public is invited to be present. Mr. Carrington's girls' music club will furnish the music.

The junior class of the high school, next Wednesday evening, will give their annual entertainment for the seniors in the way of a dance in the gymnasium. Invitations have been issued and the students expect a very pleasant time together.

It has been called to the attention of this paper that a spcieal effort is to be made to sell as many of the school papers on the night of commencement as possible. In-as-much as there has been but one paper published this year instead of two, there has been a little additional expense, and to offset this additional expense the manager of the paper wishes to sell a few more copies than usual. The attention of teh business men is called to the fact that the presnet issue of the Sequoya contains but one or two foreign ads; those in no way conflict with the local business. It is suggested that the public bring its quarters and be prepared to take their copies home that evening.

Inspection Party Returns.

A. D. Walsh, H. W. Schaberg and C. G. Landscheit, vice president, secretary and manager respectively of the Redwood City Realty Company returned Thursday after spending five days inspecting a tract of 1800 acres of land in the Sacramento valley with a view of purchasing it. While in Sacramento the party met several former Redwood people among whom were ex-deputy sheriff, Frank Bartlett and John Felix. Mr. Bartlett is in the real estate business in the Capital and gave the party much assistance in unfolding land values in that section.

EXTENSIVE IMPROVEMENTS PROMISED FOR PESCADERO

Railroad to be Built to Coburn Timber Claim on Gazos Creek.

[From our Pescadero Correspondent]

L. Coburn informs your correspondent that C. H. Weidman & Co. of Gonzales have bought his timber on Gazos creek and have leased the Pigeon Point landing. They will build a railroad from the Point into the timber so as to haul logs and lumber to the landing. They will also erect a sawmill for the cutting of the timber. Mr. Coburn also informs us that in connection with the lumber business they are to have a large planing mill for the manufacture of all kinds of mouldings and surfaced lumber. Last, but not least, in the way of improvemnets, they are to open a large general merchandise store for the accommodation of the employees of the mill and the public in general on the coast. Mr. Coburn explains that the coast side has been lying idle so long that he thought he would take the first steps to make good times over here and show the people that his heart is in the right place and that he wants this part of thecountry to prosper. He wants the people to feel that he has their welfare at heart and wants every one to prosper. He also says that he is in favor of railroads and that if the Ocean Shore does not go ahead and finish their line he will build a railroad from near the Butano bridge, just below town, down the coast to Pigeon Point to connect with the road running up the Gazos creek and with the passenger steamers that are to call at the point. By this means the traveling public could go to San Francisco for about $1.50 per passenger, which would be cheaper than by stage and rail.

This, in connection with the railroad up the Gazos creek, would make about 20 miles of railroad on Coburn's ranch. At his shipping point at present he can load about 200 tons of grain a day.

LOCAL NEWS OF MENLO PARK

CHOIR OF THE NATIVITY WILL ENTERTAIN FRIENDS

Spleudid Social Event is Planned for Next Wednesday Evening.

On next Wednesday evening at the Hall of the Nativity at Menlo Park, the choir of the Nativity will inaugurate a series of delightful evenings, to be continued at regular and frequent intervals throughout the summer months. The affairs of Wednesday evening will not be a cotillion exactly, but very much of that order. The members of the choir, particularly the young ladies, have long ago forced, not only upon Menlo Park, but upon the county a large a recognition of their ability as hostesses on such occasions as the present. An evening with them particularly in their castle, the Hall of the Nativity, is always appreciated and has never failed to leave lasting memories of plaesure.

You should give a statement of all property owned by you on the first Monday in March at 12 o'clock m.

WILL HEAR PENINSULA RATE CASE IN JUNE.

By mutual consent of the parties involved, the state railroad commission will hear the so-called peninsula rate cases at one hearing, to begin and to be conducted in the offices of the Railroad Commission in the Commercial Building, San Francisco. The complaints in these cases are directed against the Southern Pacific Company and allege a discrimination in commutation rates down the peninsula in favor of the cities and communities across the bay. One complaint—the first—was filed by the San Mateo County Development Association. The second was filed by the Palo Alto chamber of commerce, and the third by the San Jose Development Association.

Manager Nathhorst of the Bell theatre is entitled to the thanks of the parents of Redwood City for the care which he constantly exercises in the selection of his pictures. Nothing that savors in the slightest of an objectionable character is ever allowed on the program, while as a rule the pictures shown are instructive as well as entertaining.
